SUMMARY

I am a seasoned Frontend Developer with 7+ years of experience building high-performing, user-focused applications. I have strong expertise in React, Next.js, and API integration. I am skilled at translating business goals into intuitive interfaces, optimizing performance, and mentoring teams, with a proven track record of improving efficiency, reducing load times, and delivering scalable products.

Work Experience

Senior Frontend Developer, Sciox LLC Dec 2023 - Jun 2025

Remote - Chapel Hill, North Carolina, United States

- Designed and implemented scalable solutions for AI-driven data analysis tools, enabling faster model training and data visualization.
- Led frontend architecture for new features, reducing development time by 20% across sprints.
- Optimized app performance, cutting page load times by 35% and ensuring seamless cross-device functionality.

Senior Frontend Developer, NRL Media Inc Oct 2022 - Nov 2023

Remote - Lewes, Delaware, USA

- Built and standardized reusable frontend components, boosting development efficiency by 25%.
- Integrated REST APIs to support real-time content delivery, improving app responsiveness by 40%.
- Partnered with product managers to deliver features in agile sprints, consistently meeting deadlines.
- Mentored junior developers, raising team code quality scores by 15% during reviews.

Frontend Developer, Restore Hyperr Wellness Feb 2021 - March 2023

Remote - Austin, Texas, USA

- Developed internal CRM using React.js and Apollo GraphQL, reducing manual workload by 30%.
- Built responsive, mobile-friendly UI components that increased customer portal engagement by 20%.
- Collaborated with cross-functional teams to streamline architecture decisions and reduce bug rates.

Frontend Developer, Phoenix Technologies Oct 2018 - Nov 2020

Karachi, Sindh, Pakistan

- Delivered client-facing applications using HTML, CSS, and JavaScript, improving customer retention for 3+ major accounts.
- Converted static UI/UX designs into fully interactive web apps with strong cross-browser compatibility.

Frontend Developer, AppBakerz Jan 2017 - Sep 2018

Karachi, Sindh, Pakistan

- Built and maintained multiple web apps from concept to deployment, meeting 100% of client deadlines.
- Improved front-end workflows with reusable UI modules, cutting dev time by 15%.
